

Pool rules

It is very important you read the Pool Rules before using the pool or spa area.

GENERAL RULES

- CPR instructions should be read and understood before entering the pool or spa areas.
- Children must *never* be left unsupervised. They need to be toilet trained as cleaning costs will be charged.
- Strictly no glassware* to be used in or around the Pool or Spa areas. Plastic glasses are supplied in pantry. Do not pour any liquids or food into the pool or spa as cleaning costs will be charged.
- The minerals in the Pool & Spa are Magnesium salt not chlorine.
- Swimmers must be competent in the water and always supervised by another person.
- Avoid consuming alcohol, or being intoxicated by alcohol or other drugs, whilst in the pool or spa areas.
- Please put down non-slip mats outside pool entrances (corridor and master bedroom deck)

*PLEASE ADVISE IF GLASS HAS BEEN SMASHED IN THE POOL OR SPA - FOR EVERYONE'S SAFETY

POOL RULES

- Hours of use: 5am to 9.30pm - this is to respect neighbours and other guests please.
- Strickly no walking along the edges of the pool the pool is 12 metres from ground level. Only access the pool from the spa end or side gate of master bedroom
- Pool temp is set at 28 degress
- Pool depth is 1.8m but does have steps that are shallow - never dive or jump in.
- Strictly no diving, jumping or splashing as water may land on people below .
- The pool is very narrow - it is designed as a plunge pool not for lap swimming.

SPA RULES

- Hours of use: 5am to 10.30pm - this is to respect neighbours and other guests please.
- To operate press the silver button near the gate. It is on a timer of 15 minutes.
- The use of spas is not recommended for people who are pregnant, unwell or suffer heart conditions.
- All users must be always supervised - children are never to be left unsupervised.
- No diving from the spa edge into the spa - there are steps from the spa and bedroom deck
- Spa temperature is set at 38 degrees.
